Well, I left my happy home to see what  
I could find out. I left my folk and friends  
with the aim to clear my mind out. Well I  
hit the rowdy road, and many kindnesses met  
there, many stories told me of the way to  
get there. So on and on, the seconds  
tick the time out, and so much left to  
know, and I'm on the way to it...

# STUDENT GOVERNMENT ASSOCIATION

Sam Gregorio, President  
Student Government Association

Cyndy Littlefield, Vice President  
Student Government Association

To the Class of '75:

I would like to extend to each of you my welcome to Loyola University. You are entering Loyola University during perhaps the most interesting period in its long and distinguished history. The events of the recent past here and on other campuses around the country have raised serious questions about the nature and purposes of higher education. College is a place to question, to criticize, to become involved, to think and to search for meaning. I hope that you will find at our university, your university, the opportunity to do all of these things.

I hope that you will feel that this is your university. The faculty and facilities are important in providing structure for the college, but it is you, the students, that give it life and substance. Your interest in the university, your participation in all phases of college life, and the efforts you put forth to help develop a better environment for yourselves and for your fellow students will determine the destiny of the university.

A meaningful student government is possible only if the students provide support and creative ideas. Your officers can work to meet your needs only to the extent that you make them known. The primary function of a student government is to help the students create a self-fulfilling environment and the success of this depends on you.

Your education at Loyola is not restricted to the classroom. The efforts that you make to govern yourselves, to exercise freedom with responsibility, and to realize that failure to do this may result in imposed authority, will provide you with the type of education that will have real meaning in your social-political lives after graduation.

Congratulations on your admission to Loyola. In behalf of all members of the Student Government Association, I want to wish you a happy, active and productive four years.

Sincerely,

Sam Gregorio  
SGA President

... Where am I going?  
"I don't quite know.  
What does it matter where  
people go?"

Down to the woods where the  
blue-bells grow—  
Anywhere, anywhere.  
I don't know.

... Winnie-the-pooh

... In every truth the opposite is equally  
true ...

I sought my God,

eluded me.

I sought my

# GET THIS CARD

 **EASTERN YOUTH CARD**

Name \_\_\_\_\_

Signature \_\_\_\_\_

Expiration Date \_\_\_\_\_

# TO GET A HIGHER EDUCATION.

It's an Eastern Youth Fare ID Card. With one, you can fly at less than regular fare on most airlines in the country. And when you use the Card on Eastern, you have this extra going for you: You can reserve a seat in advance, just like any other passenger, on any Eastern flight in the U.S. (and on some flights between the U.S. and Canada) anytime, except during peak travel hours, at 25% off the regular coach fare. (On many other airlines, you may have to stand by to see if there's an empty seat left over for you.)

Enjoy Eastern's reduced Youth Fare between home and school. Or on a short or long vacation break to the great cities and resorts. Eastern flies to more than 100 cities, including New York, Chicago, New Orleans, Montreal, Toronto, Ft. Lauderdale, Miami, San Antonio, Los Angeles and Seattle.

Your card also earns you a discount on Eastern's Air-Shuttle between New York/Newark and Boston or Washington, D.C.

How do you get your Card? Good question and easy to answer. Just pick up an application blank at any Eastern office or from your Eastern Campus Representative. Turn it in with \$3.00 and proof of age. That's all, and you'll have a Card good until your 22nd birthday. Which gives you plenty of time to really take off and fly!
